(2) Interest earnings of Rs 265/- on the building fund in the Savings Bank.

(3) Rs 1900 from the savings at the credit of the Matha.

Gangadaresvar at Sivaganga.

2. The estimate for Rs 13500/- for the building in question, which was forwarded to the Chief Engr for scrutiny and opinion, was returned duly checked and altered to Rs 13,750. It was *then stated by the Chief Engr that the rates provided therein were the minimum consistent with sound work. He was also of opinion that by putting up movable partitions in the hall, spare accommodation could be provided for 24 students.

*(Decr 1915)

3. The alteration suggested in para 3 of Mr H. Ramaiya's letter is for providing better accommodation at an enhanced cost; and it is not known whether he is aware of the Chief Engr's opinion expressed above.

4 It is not clearly indicated in the Muzrai Supdt's letter whether the Swamy is agreeable to make a further donation of Rs 1900 from the matha funds.

The temple is under Govt management

5 Draft in accordance with the Muzrai Supdt's recommendation is, however, subd for approval or orders.

which will be met partly by accumulation at the credit of the students home and partly from subvention from the funds at the credit of Sri Gangadhareswaraswamy at Sivaganga which has Rs 9000 invested and more than Rs 5000* uninvested. There is a peculiar appropriateness in sanctioning a contribution from this temple which is now under Govt. management owing to the intimate connection between the Matha and the temple. Rs 5000 was originally granted as a contribution from Kalasa and Chamarajnagar temples an amount equal to ~~the amount~~ of the Swami's original donation. Since then the Swami has made further contribution and the present subvention will be a fitting recognition of the Swami's subsequent generosity.

To

SIR,

Adverting to Government Proceedings No.1543-7/M.F.263-15-4 dated 27th December 1915, sanctioning an estimate for Rs.13,750/- for the construction of a Students' Home attached to the Chamarajendra Sanskrit College, Bangalore, I have the honour to submit herewith letter dated 4th September 1916 together with its enclosures in original received from Mr. H. Ramaiya, explaining in detail the necessity for the revision of the estimate already sanctioned by Government and to recommend that in the circumstances, represented the revised estimate for Rs.16,365/- may be sanctioned, the additional cost, viz., Rs.2615/- being met as indicated below.

2. (i) Under savings out of the allotment for the Sanskrit Patasala at Sivaganga since transferred by the Swamigalu for the maintenance of the Students' Home there will be a saving of Rs.450/- up to the end of August 1916. (ii) Under interest earnings of the building fund now lodged in the Savings Bank, a sum of Rs 265/- will have accrued up to the same date. Both these amounts may be made available and the balance of Rs.1900/- may be granted as a contri-

bution

contribution from the funds at the credit of Sri Gangadhareswaraswamy at Sivaganga. 3) In this connection it may be stated that an amount equivalent to the original donation of the Swamigalu was made out of the Kalasa and Chamarajanagar temples funds. A further contribution of Rs.1650/- was recently made by the Swamigalu for the same purpose and the proposed grant will only be a ~~[illegible]~~ fitting recognition of His Holiness' munificence.

I have the honour to be,
Sir,
Your most obedient servant,

2). Letter No. 275 d 4-9-16 from the Muzrai Supdt. in Mysore forwarding Mr H Ramaiya's letter, in original with enclosures, explaining in detail the necessity for the revision of the estimates already sanctioned, and recommending that the revised estimate for Rs 16,365 may be sanctioned and pointing out the source from which the additional cost of ~~R 2540~~ Rs 2615 maybe met.

Order thereon $\frac{1046-50}{Mz\ 170-16-2}$ En file Dt 28.10.1916.

It is represented that owing to the abnormal rise in the prices of iron and other materials, the total cost of the work according to the original plan would

have

have to be revised and that provision has to be made for a couple of latrines and a compound wall which were omitted from the original estimate by inadvertance. It is further suggested that it would be advisable once for all to secure larger accommodation and that this may easily be done at a slightly increased cost by altering the original plan and putting on another floor ~~on~~ over the main block.

2. The Chief Engineer who was consulted, is of opinion that the improvements are suitable and the estimate, which has been scrutinized and revised, now

amounts to Rs 16560 including a lump sum provision of Rs 1000 for the compound wall and latrines.

3 Under the circumstances the revised estimate for Rs 16,560 is sanctioned, the additional cost of Rs 2810 over the sanctioned estimate being met as indicated below:—

Rs 450 from the savings which have accrued out of the allotment for the Sanskrit Patāsala at Sivaganga transferred by the Swamigalu for the maintenance of the Students' Home.

Rs 265/- being the interest earned on the building fund now deposited in the Savings Bank.
